Date: September 28, 2026

CIRCULAR TO STUDENTS AND PARENTS (CLASSES IV, VI, & IX)

Subject: Mandatory CISCE SHINE 2026 Digital Assessment

Dear Parents and Students,
We wish to inform you that our school will be participating in SHINE 2026 (Student Holistic Insight and Nurturing Evaluation), a mandatory digital assessment initiative introduced by the Council for the Indian School Certificate Examinations (CISCE) in alignment with the National Education Policy (NEP 2020).
This assessment is designed to track student learning patterns, conceptual understanding, and real-world application skills rather than traditional rote memorisation.

Please note the key details regarding the evaluation:Assessment Window: The examination will be conducted digitally within the school premises between November 15 and November 30, 2026. (The exact class-wise timetable will be shared shortly).

Target Classes & Format: Class IV: Interactive, game-based assessment focusing on foundational skills like sequencing and categorization.

Class VI & IX: Digital Multiple-Choice Question (MCQ) test covering core subjects: English, Mathematics, and Science.

No Academic Pressure: We strictly emphasize that SHINE is a diagnostic tool. The scores will not be added to the student's regular annual report cards or final results. No prior preparation or syllabus cramming is required.

Purpose: The results will provide the school with detailed proficiency reports to help our educators identify specific learning gaps and better support your child's academic growth.

Important Instructions for Students: Attendance is mandatory for all students of Classes IV, VI, and IX on their designated assessment days. The school will provide the necessary computer/digital infrastructure; students do not need to bring any personal devices. We seek the cooperation of parents in ensuring their child's regular attendance during this period and maintaining a stress-free environment at ,home.
Warm Regards,

Mrs. Bhawana Trivedi
Principal
New Horizon World Academy, Kalyan
